

Applications must come in via the appropriate officer. Contact Campaign Fund officers for advice

Include VAT if required

### Important information

All branch bids must be sent to the regional secretary. Regional bids, including self-organised and service groups, must be sent to the national Campaign Fund Committee with a covering note from the regional secretary. Expenditure incurred in advance of the approval of an application will not be reimbursed and applications MUST NOT be retrospective. If a branch or region is facing a tight timetable, then early discussions with national or regional officers must take place otherwise the application may not be approved. The Committee will not provide funding for the sponsorship of events. Applications must not contain requests for staffing posts. Whilst the Campaign Fund Committee may consult with other committees and officers the final decision on Campaign Fund matters rests with the Campaign Fund Committee.

## Application form

Why is this project important for the union?

What contribution will the branch or region make to the project?

Do you have any other sources of funding for the project, what contribution will they make?

Are there other committees within UNISON or other organisations that have been working on these matters to your knowledge and have you been in contact with them? (eg. your service group)

UNISON has professional staff available to provide advice eg. Communications – in respect of campaign materials and the policy unit for research purposes. If the application includes production of publicity material, you must speak to a member of the communications team

If Campaign Fund funding is towards a unison presence at an event it is essential that we maximise our recruitment potential. Please indicate how you plan to do this
